

Doing a great job.

Color Copy – the perfect paper for digital color printing

Let big dreams be your inspiration for today.

Big things always start with big ideas. And with the right decisions. Go for it – make Color Copy your digital printing paper. Because big dreams need great partners. Do a great job. Now and tomorrow.

Top 5 reasons to choose Color Copy for professional printing

A top print quality ensures your print job always achieves a high impact, giving you satisfied customers every day.

Reliability: Perfect results from the first to the last printout.

Wide range up to 400g/m²: Reduced complexity with one paper for a multitude of print jobs, be it a business card or a presentation, which saves you working capital.

Versatility: Guaranteed for digital printing such as colour laser, colour copy, preprint applications and suitable for inkjet printing.

Sustainable: Color Copy is CO₂ neutral and FSC® and EU Ecolabel certified. Another three reasons for your customers to choose you as their print supplier.

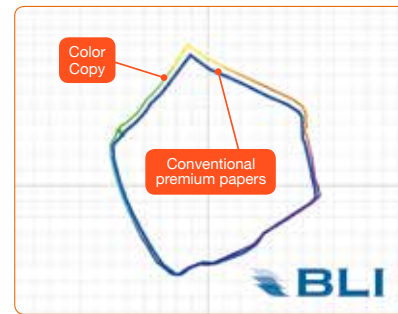

Made in Austria

For brilliant colours – paper that enables the highest colour gamut

The highest colour gamut is a matter of balanced and optimised paper properties. Color Copy's special surface treatment combined with its smoothness guarantees accurate colour reproduction in the highest spectrum. Attain life-like accuracy in natural skin tones and full colour reproduction, even for challenging colours such as yellow/green.

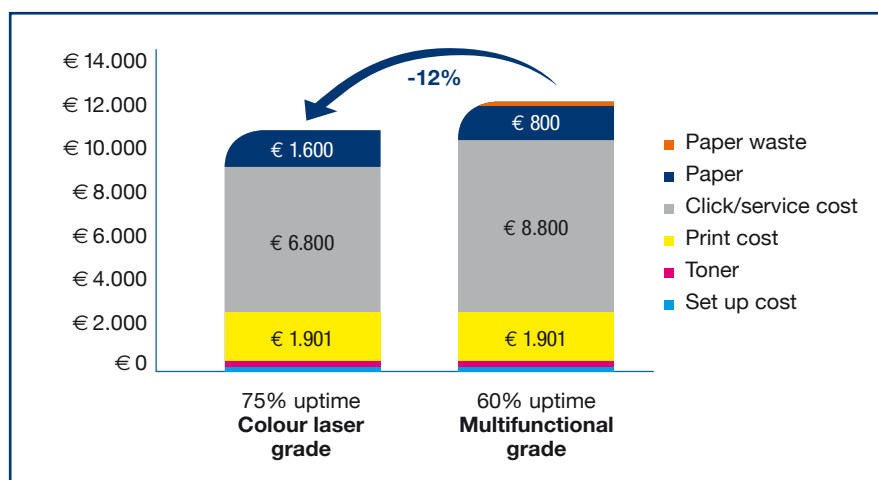

Color Copy – certified and CO₂ neutral

Color Copy, offered CO₂ neutral since 2011, was the world's first FSC® certified and CO₂ neutral colour laser paper. Together with Climate Partner, an independent NGO, we offer transparent tracking of volumes of CO₂ that have been offset through voluntary emission reduction projects all over the world. For more information on our current emissions reduction project, please go to the download section on: www.colorcopy.com

Keep your printer running

Color Copy's optimal smoothness enables even colour distribution for **savings on toner costs** and reduced machine wear-and-tear, saving both time and money when it comes to maintenance and energy costs.

- Share of paper costs in colour laser print jobs is 15% (with 75% utilization rate of printing machine)
- Impact of low paper quality on print cost is very high due to:
 - Higher downtime
 - Higher energy cost
 - Higher paper waste
 - Unsatisfied customers
